Paying for lunches & checking students lunch accounts balances is easy.

- Go to: www.payforit.com
- Account set up is under the parents then add students to your account
- Set up automatic alerts for low balance & auto replenish

Here is the easy 1, 2 and 3 of setting up an account:

1. Register: A parent or guardian completes the online form that includes their credit card information. An email with a validation code is then sent to the address that was entered during the registration process.
2. Validate: The parent or guardian enters the validation code which activates their account.
3. Add Students: Once a registered PayForIt member, the parent or guardian can begin to add students to their account and begin funding their meals. To accomplish this, you must know your child's student ID number, school and grade. This is a requirement for registering your student to the account. If you do not know their student ID number (Not Their PIN) you can call the school and they will provide it to you.

Deposit:

Using the "Make Payment" page, you can now deposit money into any or all of your student's accounts. Money deposited before midnight will typically be posted to the students account by the following morning.

Snow Day Menu:

We will serve what was to be served on the missed day.

If Monday is a snow day then on Tuesday we serve Monday's menu and Wednesday stays the same menu.

Welcome Back

Have a Great
Year!
