

LEPTA Phonemic Awareness & Phonics Camp

Is your child able to hear, identify, and manipulate the individual sounds--phonemes--in spoken words? Do they love singing nursery rhymes and playing with sounds in words? Then the Phonemic Awareness & Phonics Camp might be right for you and your child. Relating sounds to letters is the heart of phonics instruction. Phonics is the letter symbol and sound relationship. This camp will use nursery rhymes, songs, and activities to build phonemic awareness. We will also pair sounds with its letter symbol. Each week will feature developmentally appropriate activities that are exciting and engaging; children will have so much fun they will not realize they are learning.

The Loveland Summer Phonemic Awareness & Phonics Camp is being offered this summer by Carol Huxhold, 3rd & 4th grade Reading Specialist with MEd in Special Education and K-6 Reading Endorsement

Sponsored by LEPTA

You do not have to be at every class. If vacation or other camps conflict you can come to as many sessions as you are able to.

Cost: The cost for all six classes is \$150. If you can't make all six classes then each class is \$25. Money must be paid up front for the number of classes you plan to attend.
