[Business Advisory Council Agenda 8-6-19](#)

- Reviewed BOE presentation from last spring
- Future work:
  - Internships - including job shadows for all students to help identify ways to make a living, discover a career or add to college experience.
  - Staff survey - identified assistance needed with community stewards. Also, bringing those experiences into the classroom.
- Communication:
  - Naviance - Increase/improve/expand use of and benefit of utilizing the Naviance suite
  - CCLR is the model we are using. (College Career Life Readiness)
- [Hanover Research](#) - interesting graphic
- Portrait of a Tiger -
  - Facilitate PD with teachers on providing experiences within classroom
  - Requested representation from members of the BAC committee to be a part of these designated learning days.
- Dr. Crouse
  - Building Tiger Nation - facilities, finance, student experience
  - Steering committee: BOE members, Central Office, community members, administrators
  - Facilities plan needs to address learning environment to deliver instruction/experiences our students want, need, deserve, align with all types of CCLR.. Plan will also address new safety standards given societal concerns
  - Internship opportunities for our students given what our students are capable of with community stewards/partnerships
  - Get into the presence of our community to talk about how they can support the work (levy/bond) our students want to experience.
  - Share our story with our community. Strong schools benefit our community; strong community benefits our schools.

- How do we leverage all of our opportunities
  - Correct information is the most important piece of this communication
- Next Meeting:
  - October 15, 2019 (5:00 p.m. in the LMS Media Center)
