

Loveland City Schools Planning Commission September 15th 2021 Committee Reports

Finance Committee:

Craig Lewis – Chair

Donel Autin, Brad Goldie, Jill Jones, Nathan Libby, Kirk McCracken, Lesley Hodge, Lynn Mangan

- Followed up on the issues Walter Golladay raised around what is included in retirement income for the State of Ohio.
- Discussed with the group about looking at the 200+ school districts that utilize an income tax as a source of revenue within the State of Ohio. Four criteria discussed include 1) the percentage of school revenues coming from local businesses (or local taxpayers), 2) the percentage of school revenues coming from the state, 3) school district average income (both mean and median), and 4) the amount of revenue to the school raised by 1 mil.
- As all four criteria do not have equal importance, it was suggested that the team consider weighting each of the four.
- As the Wyoming school district has an income tax, it was suggested that we try to reach out to someone there. It was mentioned the principal from one of our schools came from Wyoming. If so, does anyone have a relationship with him and can ask him more about his experiences with it there?
- The Extra Curricular Activities Analysis, and specifically the Athletic Analysis, was updated with the latest data provided by Brian Conatster. Before sharing the revised report with Brian, the team was asked to review the data to verify its accuracy, and we would then share the document with Brian.

Facilities Committee:
